

Student Directions for Digital Driver's License

The DDL provides three learning modules with information, videos, and Prove-It quizzes. Before completing the Prove-It quiz, read all information and watch the videos presented. You may work on this little by little or all at once. Each Prove-It quiz requires a score of 80% or higher to pass. You may have multiple attempts. Once all Prove-Its have been passed, you can print out a DDL license certificate. We encourage you to keep the certificate with your electronic device used at school.
