June 13, 2018

Dear Families,

Just a reminder of immunization and physical requirements regarding what needs to be turned in within the first two weeks of the school year to your child's school office:

Kindergarten - complete immunization requirements and physicals

7th Grade - documentation of a Tdap and a meningitis (quadrivalent - A,C,W,Y) vaccine

12th Grade - documentation of having had a meningitis (quadrivalent - A,C,W,Y) vaccine on or after their 16th birthday

All New Students to the School District - documentation of complete immunization requirements

For more information, please view the U.S. Department of Health and Human Services Centers for Disease Control and Prevention's "Recommended Immunization Schedule for Children and Adolescents Aged 18 Years or Younger" here:

<https://www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-combined-schedule-bw.pdf>

Following please find a reminder of other important back-to-school information that was first sent in early May. The only change that has been made since these dates were originally sent is that 2017-18 School Year Grade 3-10 test results will now be mailed by mid August instead of by late July.

Sincerely,
Debbie Reddick, RN
Health Aide Supervisor
