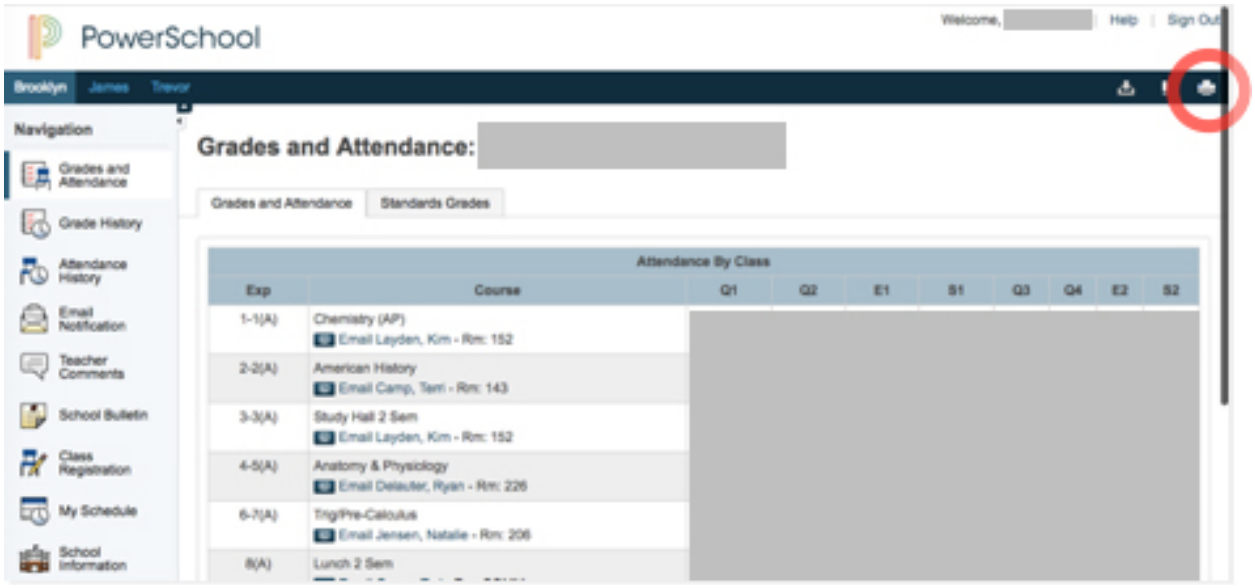
Printing Grades

All quarter, exam and semester grades are now reported in PowerSchool only. Assignments, school events, calendars and group information reside in Schoology, our learning management system.

Earlier in the school year, letters were mailed home with access information for PowerSchool. If you have not yet accessed PowerSchool, you will need this letter to set up an account. To receive a reprint of this letter, please email jsarnes@perrysburgschools.net.

You may print grades from PowerSchool - here's how:


1. **Log in to PowerSchool** from the Parent tab of the Perrysburg Schools web site. (If you have forgotten your password, there is a “Forgot Password” link on the login page.)
2. Make sure you are on the **Grades & Attendance Tab** (above this tab are tabs for each child).
3. In the upper right hand corner, there is a printer button. Clicking here will allow a parent to print grades to a PDF or printer.
