2023 & Beyond Strategic Plan

The school district

To begin the 2023 calendar year, the Perrysburg Schools Board of Education convened a diverse group of community members, staff, administrators, board members and others invested in the school district's future to consider its direction and possibilities. These discussions resulted in a comprehensive reinvestment in its strategic plan, including vision statement; mission statement; core values; and three new, over-arching goals. Each broad goal area will contain an ongoing list of measurable and actionable strategies.

Mission

Ensuring ALL students achieve their greatest potential

Vision

Where passion drives exemplary education

Core values

- We value students as individuals.
- We inspire students to discover their passion.
- We challenge our students and ourselves.
- We provide a safe and inclusive environment.

Our goals

Student experience

Perrysburg Schools empowers each student to foster their passion and potential through academic excellence, extra-curricular opportunities, belonging and lifelong achievement.

Foundational excellence

Perrysburg Schools proactively and effectively manages and allocates resources, maximizing community support to continuously improve the quality of programs and services in our growing school district.

Community engagement and partnership

Perrysburg Schools welcomes and invites opportunities to engage and serve the community by encouraging consistent partnership and participation.

We believe that if we are accountable to these goals as a school district and as a community, we will continue to improve, achievement will increase and decisions about doing what is best for students will be clear.

Perrysburg employees and community members with expertise or interest in our goals are serving on action teams for the new or ongoing strategies aligned directly with each. As strategies are planned, implemented, completed and evaluated, new ones will be discussed and initiated.
