## HPI Back-to-School Supply Kits

Dear Rising Fifth and Sixth Grade Families,

You may start getting prepared for the 2023-24 school year now by ordering a back-to-school supply kit for your student! Due to popular demand, the regular ordering window has been extended until Sunday, June 18. Late orders submitted after June 18 will still be accepted until June 30, but will be subjected to a 10% late order fee on each kit. So, take just 2 minutes, place an order and finish your supply list shopping now! Go to [www.unitedschoolsupplies.com](http://www.unitedschoolsupplies.com) and enter our school's 6-digit code, which is 205126.

Your student's individually-labeled supply kit with your specific supply list items (and any optional backpacks/headphones, etc. you order) will be delivered directly to your child's homeroom teacher this summer. The supplies are of high quality (Crayola, Dixon, Expo, Elmer's, Fiskars, Kleenex, Paper Mate, Sharpie, Ziploc, etc.), they are attractively priced (especially given inflation and the time/travel/fuel costs typically involved) and you may order on your phone or computer from the safety and comfort of your home.

Thanks so much for all you do to support our students, our teachers and our school!

***Be Kind & Courageous,***
