

## **Notification System Information**

Perrysburg Schools utilizes SchoolMessenger to send news, updates and emergency communications to families and employees via email, phone calls and/or text messages. This system synchronizes every night with our student data software (PowerSchool) and our employee data software (PeopleWerks). If you would like to add or change a phone number or email, please contact your school building secretary. If you have been contacted in error, please contact Rachel Zickar, Director of Communications, at [rzickar@perrysburgschools.net](mailto:rzickar@perrysburgschools.net).

There are two requirements to receive messages via SMS text: the recipient's wireless number must first be in PowerSchool or PeopleWerks AND "Opt-In Confirmation" from the recipient's wireless device. You may opt-in by sending "Y" or "Yes" via text message to our SchoolMessenger Short Code number: 67587 once your number is in our system for 24 hours. If you want to receive texts on multiple devices, each device number must complete the Opt-In process.

SchoolMessenger does not charge recipients for the text messages that they receive or send; however, wireless providers may charge for individual text messages, depending on the plan associated with the wireless device. Please consult your carrier if you are uncertain.

Best wishes for a great start to the school year, and Go Jackets!
