Dear Preschool Families,

We would like to take this opportunity to welcome you all to Perrysburg Preschool for the 2020-2021 school year! While this is not a typical start to a school year, we will certainly work to make this year a positive experience for your children.

On behalf of the school district and preschool faculty and staff members, I would like to notify you of some important information pertaining to preschool. At this time, Ohio is permitting groups of no more than 9 children in a preschool classroom, therefore, we have had to make adjustments to the preschool schedule. **We will have groups of 8 students come 2 days a week for a half day session. One group will come Tuesday/Thursday and another group will come on Wednesday/Friday.** There is no school on Monday for this year so that we may be in line with the rest of the school district for digital learning opportunities.

Due to the decrease in the number of days that students will be in attendance, there will be a reduction in tuition for those enrolled as peers. Additionally, we will be working with families to ensure that we provide the appropriate support for children receiving special education services during this most unusual time.
