

## **Printing Grades**

Overall grades in Schoology have been hidden since they don't accurately reflect grades heading into 3rd quarter. The overall grade in Schoology is a compilation of all grades. So, any grades in Q3 would be added to Q1, Q2 and Exam grades to give an overall grade which would be inaccurate.

Parents can print from PowerSchool - here's how:

- 1 Log in to PowerSchool
- 2 Make sure you are on the Grades and Attendance Tab (above this tab are tabs for each child)
- 3 In the upper right hand corner, there is a printer button. Clicking here will allow a parent to print grades to a PDF or printer.
