Transportation Information

Dear K-12 Families,

Our Transportation Department team is working hard to prepare for the coming school year. Following please find your login information for e-Link – Perrysburg Schools' Transportation Portal – to obtain your student's bussing information for the 2021-2022 school year.

The transportation portal will be available to parents/ guardians to view their student's transportation details beginning on **Friday, August 6th**. Please follow the link below and procedures to log in to view the information. Prior to the 6th, the information displayed at the link may not be correct. Perrysburg Schools Transportation Department would also like to ask all families utilizing transportation to please continue to check e-Link each day through the first week of school as adjustments may still be made to routes.

e-Link Transportation Portal

You will have access to the software used to view your student's up-to-date transportation information. Following is the link:

<https://versatransweb05.tylertech.com/perrysburg/elinkrp/login.aspx>

Enter your username and password as follows:

- Username: firstname.lastname (of the student)
- Password is student birthdate: mmddyear (eg. 01232001 for birthdate of January 23, 2001)

If you have multiple students in the school district, they will be connected in the system by their family ID, which is their "HOME PHONE" in the student PowerSchool database. We will continue to work with each school to ensure these home phone numbers remain consistent for each student in the family.

NOTE: Please keep checking this link before the first day of school and during the first week of school as minor adjustments may be made.

For the first several days of school, we do ask for your patience as families take photos of students getting on their busses and drivers become accustomed to their new routes. Please plan to have students at their stop at least 15 minutes early, and understand that drop-off times may vary as well for the first week.

Alternate Transportation Requests

Please note the bus stop information in e-Link is initially generated using your primary home address. It can take 3-5 days to process alternate transportation requests after August 1st. **If you already filled this section out on the rider registration form, please disregard this**

section. Here is a link to the alternate transportation request form if needed: <http://www.neola.com/perrysburg-oh/search/forms/fm8600F1.pdf>. Please print, complete and return this form to the transportation department.
